

25th of September 2015

Dear Parent,

We are happy to say that we will be launching a PKU Storybook

“Penny and Paul have PKU”

On Tuesday the 27th of October at 11am in the Metabolic Unit in Temple Street Children’s Hospital.

This book was put together by Jenny Mc Nulty (Metabolic Dietician) and Jill Moore (Hospital Play Specialist).

It is thanks to Kind Donations to the Metabolic Unit that the storybook was professionally illustrated and printed. We would be delighted if you and your child/children could join us to celebrate the Launch of this Storybook with a fun filled morning, including a puppet show and special guests.

Places are limited so please let us know if you will be attending by the 9th of October.

Please email; metabolic.dietitians@cuh.ie or phone; **018784317**

We look forward to seeing you there

Warmest Wishes

The Metabolic Team
