Illustrator: Fintan Taite
Design: Oonagh Young, Design HQ

With thanks to those who donate so
generously to the Metabolic Unit

This is Matt and Mia.
They have MSUD just like you.

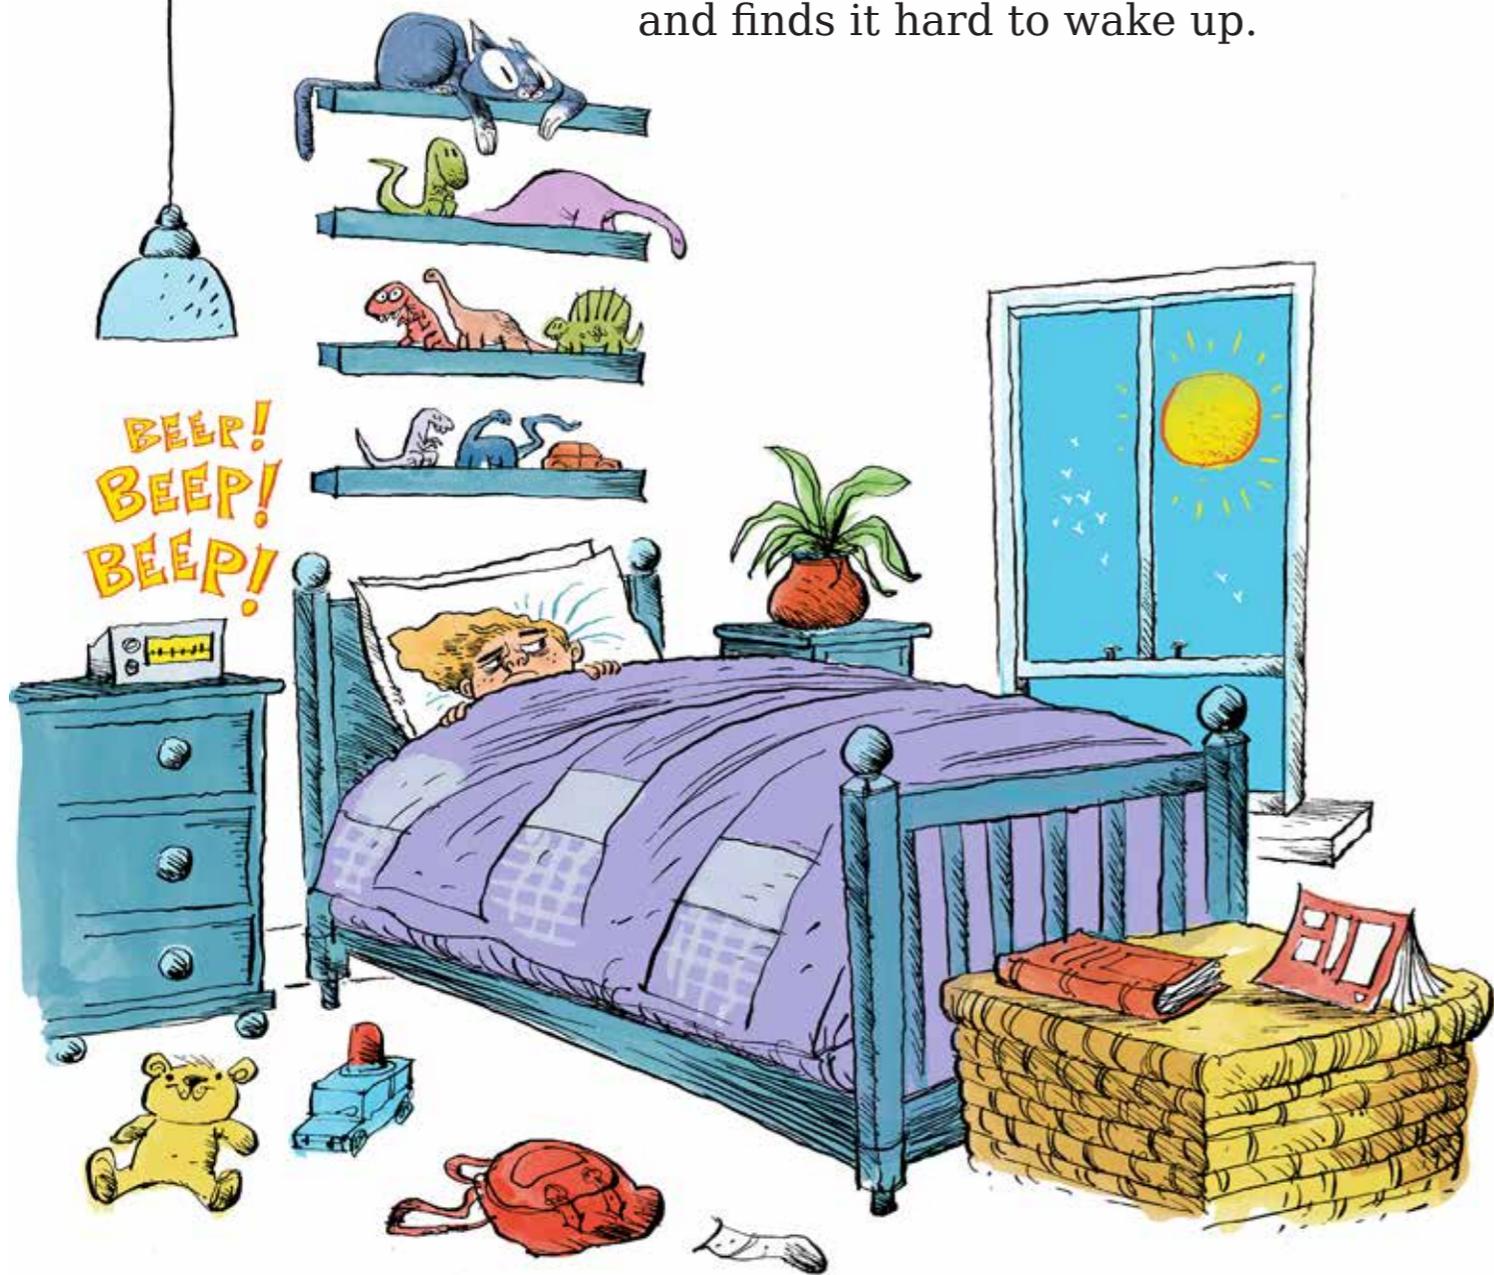

It's Monday morning
and time for school.

Mia starts the day
with her first special
MSUD drink.

Matt is very sleepy in the mornings and finds it hard to wake up.

Mia helps her mum make her MSUD drink in a special beaker.

She gets a sticker when she is finished.

Matt forgets to take his drink which makes him tired and late for school.

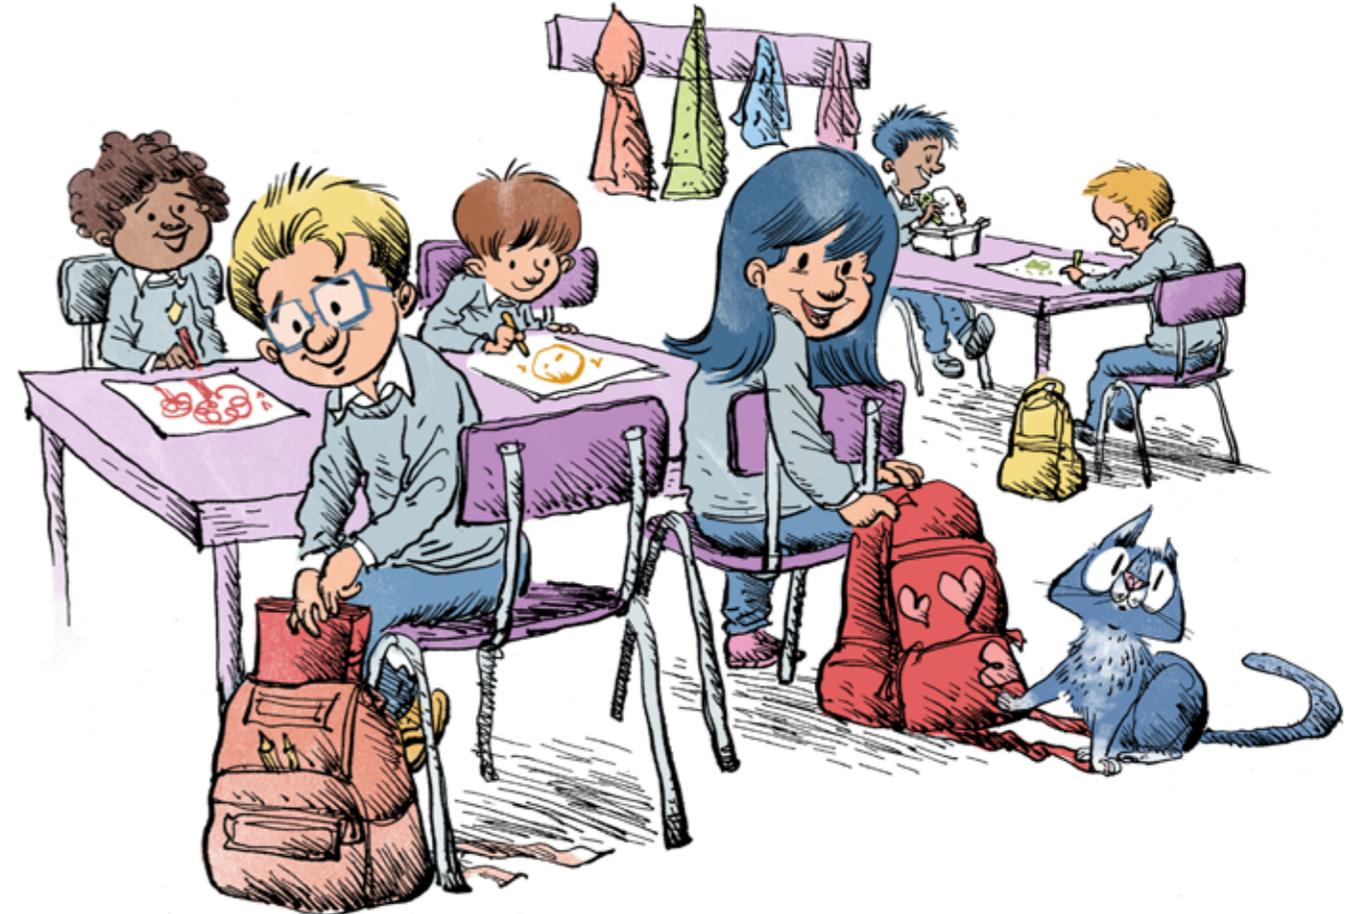

Don't miss the bus Matt!

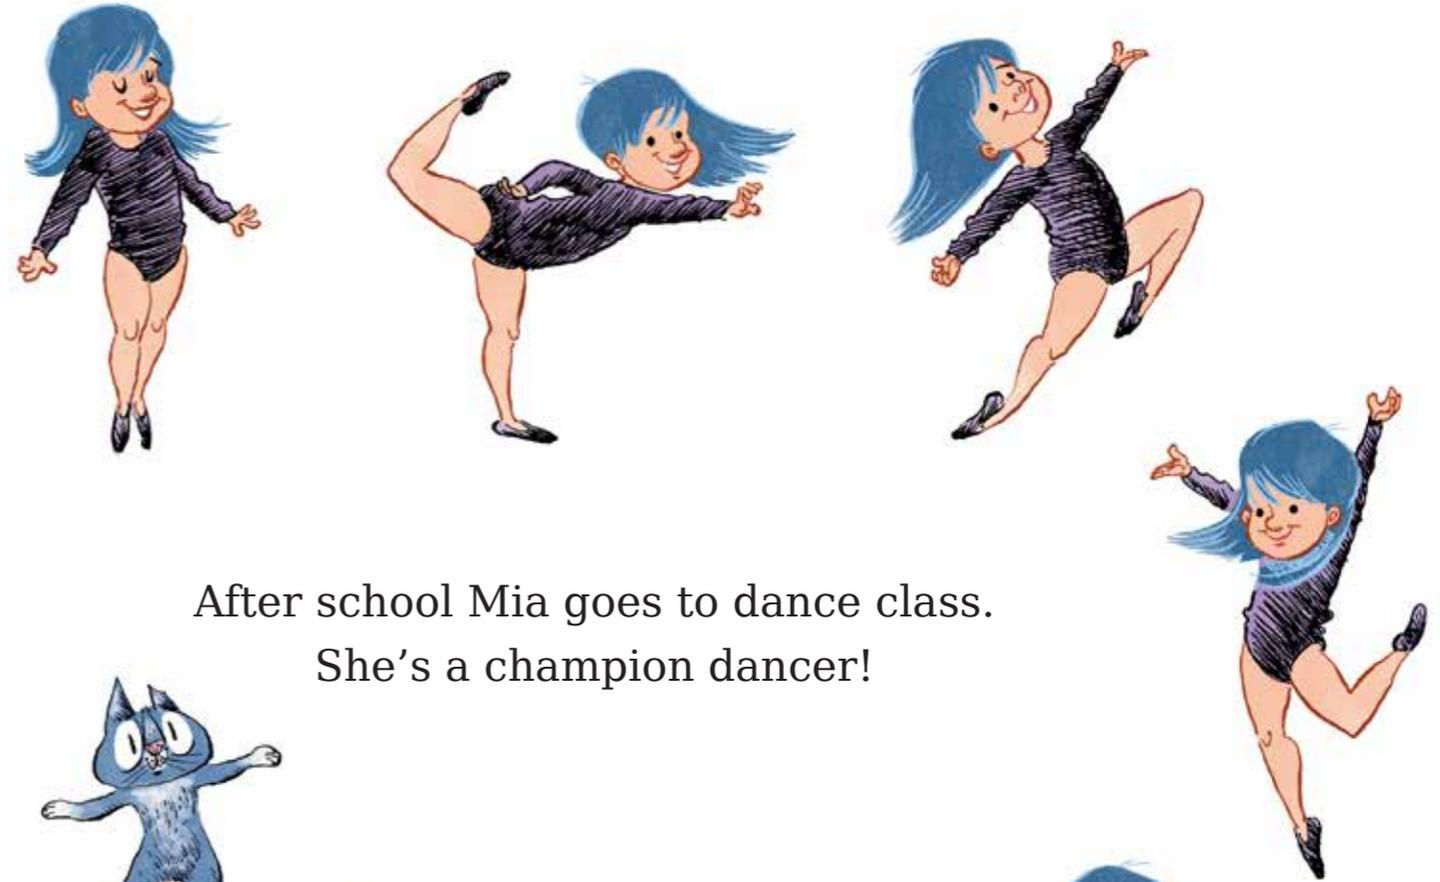

RING RING RING

Mia gets to school early and when the bell rings it's time for her second MSUD drink.

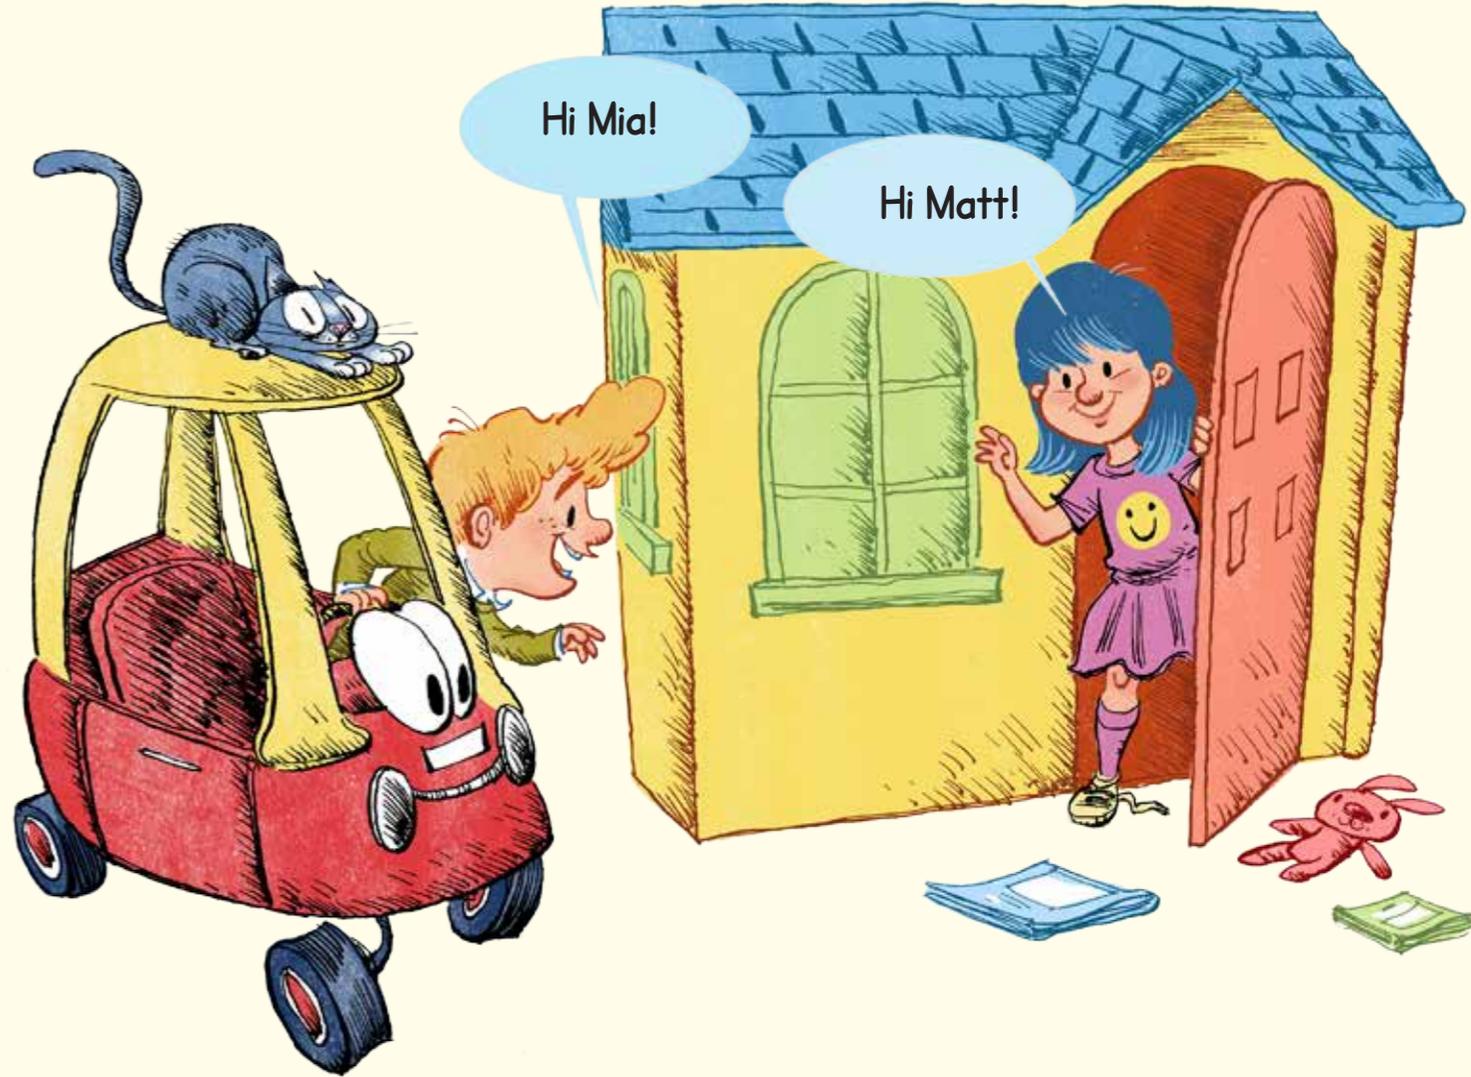

Matt is so tired he sleeps through lunchbreak!

After school Mia goes to dance class.
She's a champion dancer!

Matt is the goalkeeper for the school football team.
He lets in a lot of goals!

It's Wednesday. Mia and Matt meet
at the MSUD Clinic in Temple Street Hospital.

What's that?

It's my special MSUD drink

I have a MSUD drink too!

But I forget to take it sometimes

Maybe that's why I'm so sleepy

Well my drink gives me lots of energy. I get a sticker everytime I drink it!

Mia gives Matt a star for his chart and he never forgets to take his MSUD drink again. Now he has loads of energy when he wakes up in the morning.

And he's a super goalkeeper!
