This is Ian and Izzy.  
They have IVA just like you.

It's Monday morning  
and time for school.

Izzy starts the day  
with her first special  
IVA drink.

Ian is very sleepy in the mornings and finds it hard to wake up.

Izzy helps her mum make her IVA drink in a special beaker.

She gets a sticker when she is finished.

Ian forgets to take his drink which makes him tired and late for school.

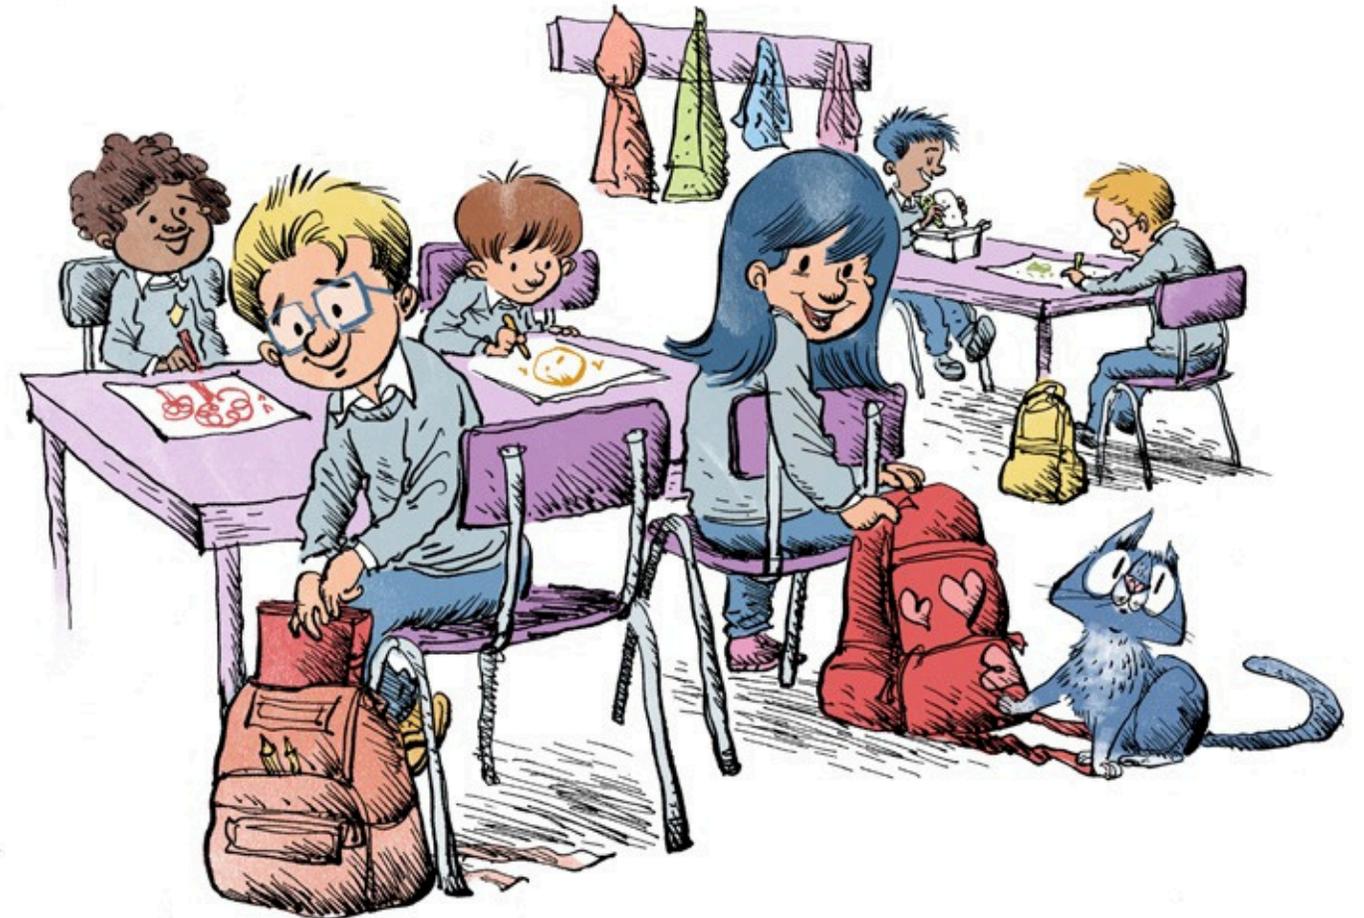

Don't miss the bus Ian!

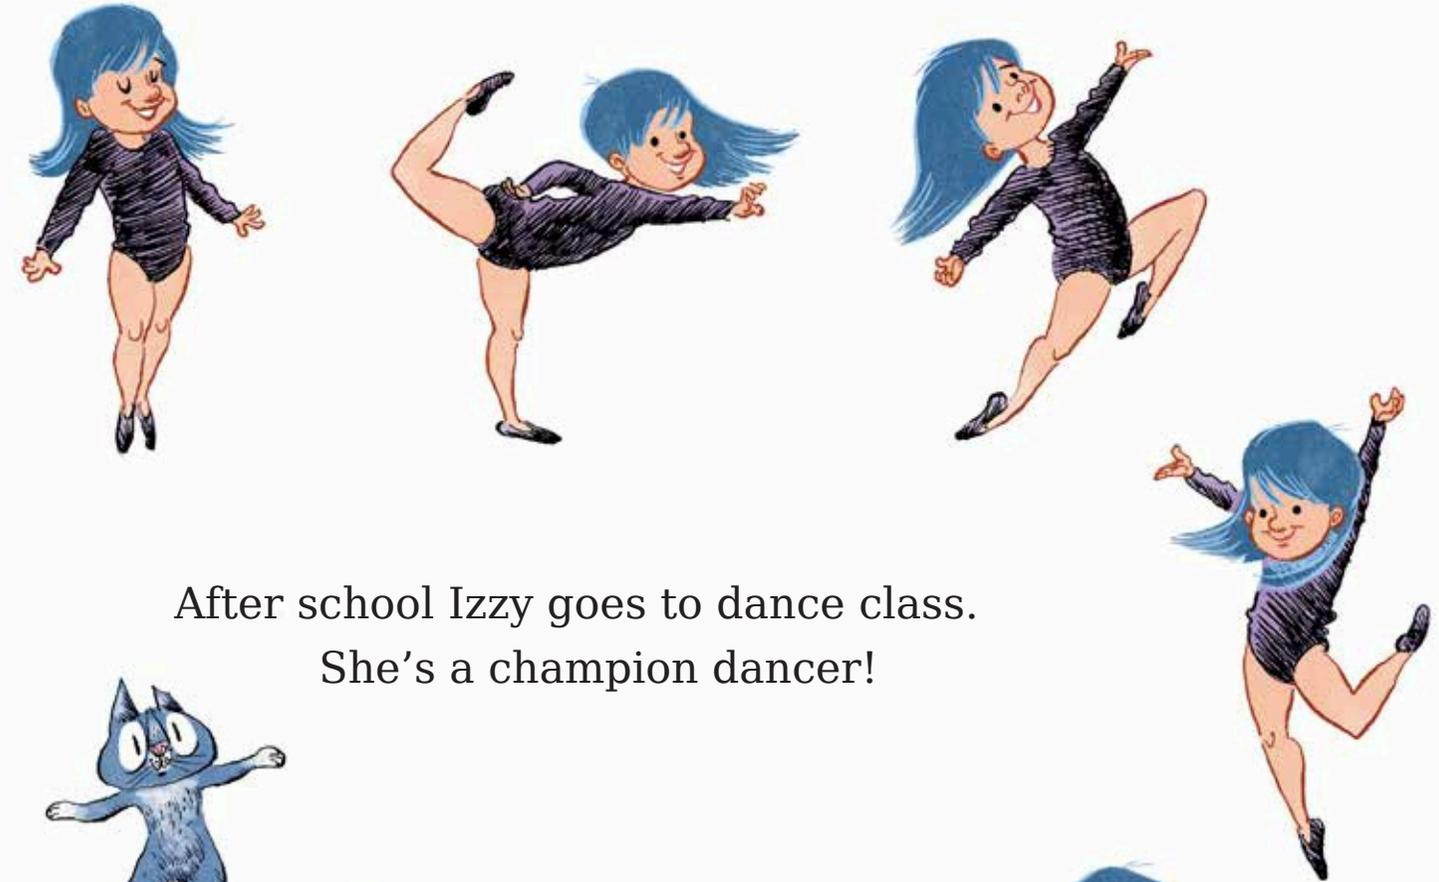

RING RING RING

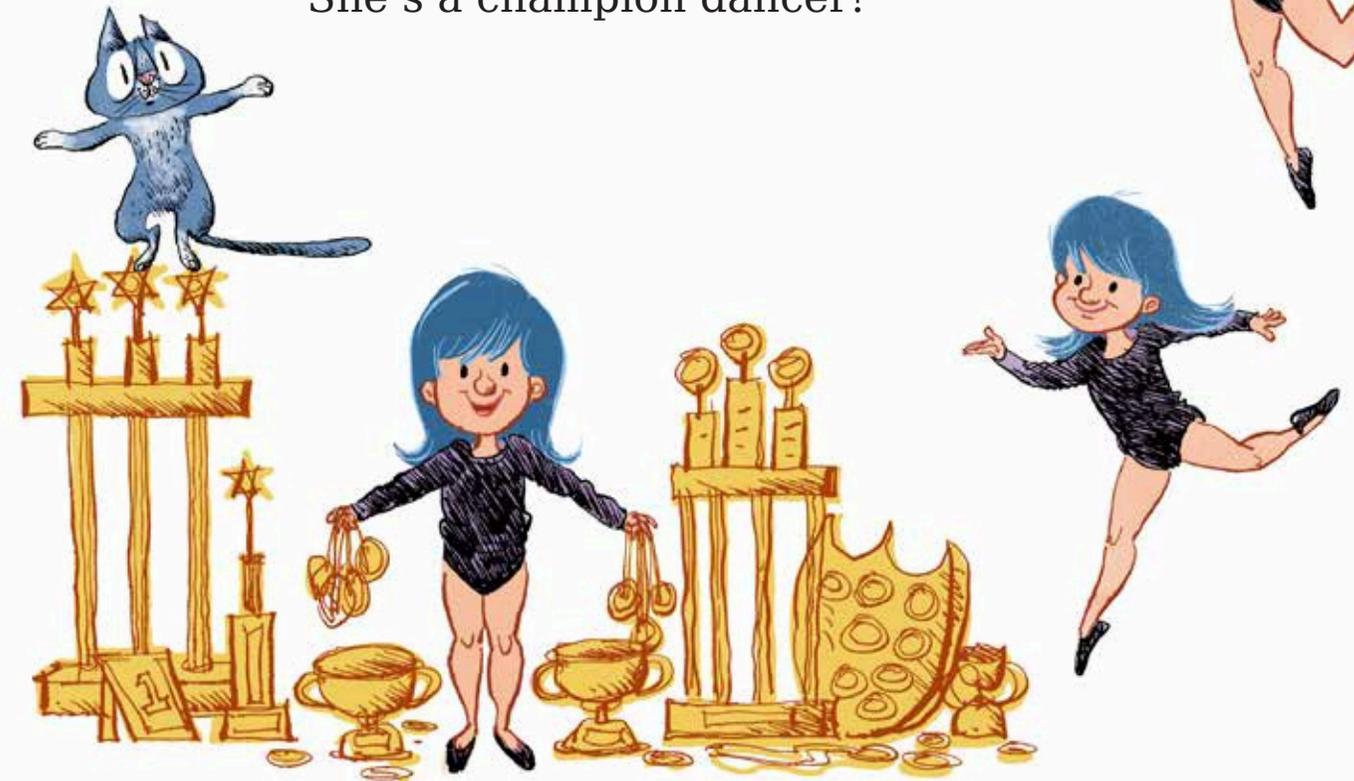

Izzy gets to school early and when the bell rings it's time for her second IVA drink.

Ian is so tired he sleeps through lunchbreak!

After school Izzy goes to dance class.  
She's a champion dancer!

Ian is the goalkeeper for the school football team.  
He lets in a lot of goals!

It's Wednesday, Izzy and Ian  
meet at the IVA Clinic in Temple Street Hospital

What's that?

It's my special IVA drink

I have an IVA drink too!

But I forget to take it sometimes

Maybe that's why I'm so sleepy

Well my drink gives me lots of energy. I get a sticker everytime I drink it!

Izzy gives Ian a star for his chart and he never forgets to take his IVA drink again. Now he has loads of energy when he wakes up in the morning.

And he's a super goalkeeper!
